

expell all foreign national, with the exception of ambassadors and staff, close our borders to imports, dump NAFTA it doesn't benefit American workers it steals our jobs while the rich cats get fatter. Quit supporting forien countrie until such time as we have EVERY belly in America fed. Charity begins at home our tax dollars need to stay here not go to other corrupt nations governments. When does Congress learn what you should have in Jr. High. You cannot buy friends, take care of your family first anything left should go to educating OUR people.

I hope you have the intestinal fortitude to answer this... But I'll not hold my breath. In my opinion Congressmen or women by and large get to Washington and forget who put them there. Disbann the FCC it's a waste of money. The little they do is not in the interest of the majority of the people. Only the crybabies are heard by them.
